## LAAGER 7

There was great excitement in our home to attend the first independent Outspan of L7 since its inception.

We arrived at Onrus shortly before lunch, followed by Wayne & Genevieve, with Gavin & Nikki plus family Jason, Amy, Callum & Kai following. After setting up we sat in the shade enjoying a cold beverage. Sitting around the fire chatting & braaiing on a perfect evening with the waves gently lapping the shore.

Friday arrived with light showers, followed by Keith & Desiree, and Martin & Denise from L11 enjoying some quality time touring after the NAGM. Lee, Dominique, Skylar & Mia arrived followed by Donovan & Ingrid from L21. Special time catching up & having fun.

Saturday still had a few showers & finally cleared up in the afternoon. Meanwhile preparations were on the go for the lamb potjie and curried chicken potjie. All did their bit making rice, sambals, roti, puddings & even freshly baked bread.

Don & Ingrid set up a computer for us all to enjoy the rugby. Some peoples' nails may never be the same but seeing the excitement and jubilation on Ingrid's face when we won, made it worthwhile, waking up the park.

Sunday dawned hot & sunny and Russell, Bronwyn plus Thomas (Russell's Dad) joined us for Indaba. A very tender moment of silence was held for lost loved ones.

After Indaba, we all tucked into the left over potjie. Half the attendees stayed for another night before returning to the working world!

A great weekend
