OUTSPAN CHRONICLES

DE HOLLANDSCHE MOLEN – 15 – 17 FEB 2019

Some of us took advantage of the Park allowing us to check in early on Friday for our combined weekend at De Hollandsche Molen. The Jurgens arrived even before the gates were open, by 10h00 when we arrived Ingrid had already taken her first swim and an early morning nap. Friday morning was spent lazily pitching, trying to avoid the heat. By early evening everyone had arrived, fires were lit and everyone started *kuiering* catching up on all the happenings.

On Saturday morning, some of us went for a run and ended up at the start of a trial race, which eager beaver Wayne was ready to enter, however sanity prevailed. After breakfast, the rest of the day was spent relaxing and staying "hydrated". By late afternoon, the Laager 21 ladies once again outdid themselves in preparing the salads for the evening combined braai, what a spread they prepared. By early evening fires were lit and all three laagers gathered around for a combined braai, the evening was spent chatting around the fires, by 23h00, the day had taken its toll and everyone had retreated to bed.

On Sunday morning we were greeted by another beautiful sunshine day. After breakfast and the combined Indaba, we went for a swim to cool off from the heat. As we were packing up the park was visited by a troop of baboons, who most were surprised to see, they too came to cool off in the stream.

By late afternoon everyone had packed up and headed home. Thank you for another enjoyable weekend.
