Glen Muir – Host Bowker’s

Apologies for delay in sending this through ... had just a few things going on at one time

Helloooo everyone

Friday the Ramsay’s were all set up and ready – just waiting for school time to end for the boys..The Besslers setting up early and Sandi playing co driver for our fantastic Ams who towed her van out.. proving that we can all do the unexpected... their camps being set up early with the help of Lisa and Nolan (aka Alan)

Zimmermans, Wittstocks and the Powell’s arriving well before the snail trail , Bowker’s and then Waters.. again requiring lights to set up

Ready and waiting

Set up done and dusted

Special snack on the make with wine “of course”

A very wet and cold Saturday dawned which did not seem to dampen anyones spirits ... and the day progressed with warm clothes and heart warming beverages...

WET ‘n WILD
