

L15 Outspan - Kleine Eike – 17 – 19th November 2023

We were so looking forward to camping Kleine Eike. We arrived here at 12h30 even though the gravel ground was a challenge. The weather was beautiful, the campsites were big and we camped on freshly cut grass. We swam in the river. It was refreshing. The ablution was very clean and big and the honesty shop was very convenient. The cows woke us up at 5h40am.

The Saturday morning we visited Greyton Market. Well worth it.

I provided pasta salad as a side to the braai. We also had watermelon and sweet melon.

FINES: Visitors....fined for loud music.....and all of us fined for music after 10...Farrel for cigarette toppies....Stacey for forgetting the kettle 🙄
