WESTERN CAPE PROVINCIAL CHAIRMAN'S NEWSLETTER

COMBINED OUTSPAN AT BERGRIVER IN 25th – 27th MARCH 2022

After 2 years of restrictions of some kind or another due to the Covid 19 pandemic, we could finally arrange a combined outspan in the Western Cape from the 25th March to the 27th March 2022.

A few members from laagers 21, 15 and 8 took advantage and made it a long weekend, arriving on Thursday to enjoy an extended breakaway. Friday saw the arrival of the balance of the members. Once everyone set up camp, started their fires with their drink of choice to wind down, members commenced to meet and greet. The wind was a bit of the challenge but it did not damper the mood.

The combined was very well attended with 33 plots booked, with a few plots shared with friends and family. It was great to see the increased number of children, and youth in attendance.

Members were left to occupy themselves on Saturday morning.

A large Jenga game was placed centrally for all to enjoy at their leisure - what great fun...!

Late afternoon everyone was encouraged to participate in a few games, the pictures will speak for itself! Both children and adults enjoyed the sponsored ice-cream cones and sweeties during and after the games! What an awesome afternoon of laughter and fun enjoyed by all, children included. Before long, the evening was upon us, with a few centrally located fires along the road, with some opting to braai, and others making potjies. It was a carefree evening for all to enjoy as they wished. The weather was good and the members enjoyed an evening around the fire chatting late into the night.
