### Silwerstrand Outspan 26 to 28 April 2024

Silwerstrand did not disappoint, very clean and beautiful campsite. Some of us decided to go a day earlier and it was well worth it as the wind played havoc for those leaving Friday causing delays and wasting most of the day. As usual we were blessed with good weather the weekend. Friday after everyone settled down, we all enjoyed some birthday snacks and learning about each other around the gesels fire. Saturday some of us went swimming and some took in the sites and wine farms in Robertson. Saturday evening boerie rolls were enjoyed by all as well as the Stormers winning (GO STORMERS) and again some good conversation around the fire. Sunday was pack up day as usual and as we had to leave by 11am everyone left after Indaba and arrived home safe.

Thank you for making our hosting memorable.

Keep camping, Don and Ingrid
