family didn't disappoint.

Friday all the happy campers arrived during the course of the day to set up, except for the few intrepid campers that arrived on Wednesday and Thursday already.

Friday afternoon was spent catching up with the members of the different laagers and then in the evening a great time was had by all in the sharing of the many tequila shots. Some opted to sit up and chat till the wee hours of the morning.

With the forecast of a heavy storm approaching the Western Cape over the weekend, everyone was keeping a watchful eye on the weather and on the Saturday even though the rain threatened, we just had to contend with the gale force wind. The Saturday morning was spent at members own leisure, some opted to head into Franshoek for breakfast, or to visit the market or surrounding wine farms to replenish, others just enjoyed their time at Camp. Before we looked it

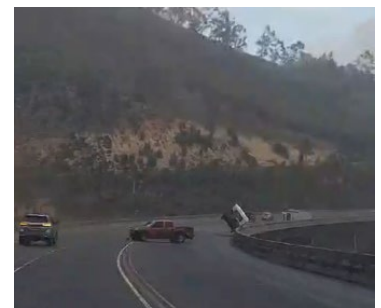

was time for the Fiesta games, members were grouped into teams of four and we had great participation from Laager 15 and 21 and ended up with seven teams. Great fun was had by all whether it was trying to pin the tail on the donkey or eating all those Nachos, I'm sure some peeps won't be eating Nachos anymore. Sat evening dawned with the wind still pumping and all the members were dressed in their ponchos and sombreros and with the sounds of the Mexican music in the background some members tried their strength at bashing the pinata. Much to the delight of everyone once it was destroyed there was a great scramble for the

Combined Outspan

DE HOLLANDSCHE MOLEN

With the Mexican fiesta theme shared with all ahead of the combined, we looked forward to a weekend of all the hombres and senoras enjoying the Mexican fiesta that was awaiting us all and as usual the Trekkers

sweeties. By this time the Mexican feast was laid out and we all tucked into the huge spread that was laid out. I would like to thank everyone that contributed to making the evening a success.

Fires were lit and the evening was spent taking selfies and enjoying the warmth and company of each other, needless to say after all that food and activity everyone retired a lot earlier than Friday night.

Sunday morning dawned with the threat of the storm becoming more of a reality, members packed up early, the Indaba was moved earlier and myself as PC and the chairs of Laagers 15,21 and 7 gave their reports. After a quick group photo everyone headed back home safely.

Thanks once again for all the gees and participation especially from Lager 21 and 15 and we look forward to the next combined and hopefully there will be greater representation and participation from all the laagers present and hopefully Lager 8 and 3, who were not at this combined, will be able to attend.
