

TORC LAAGER 7 DE HOLLANDSCHE MOLEN 5th – 7th APRIL 2024

The weekend of April 3rd to 5th marked an unforgettable rendezvous with approximately 22 sites booked for a Western Cape Combined outspan at the picturesque De Hollandsche Molen campsite in Franschoek. Three of the five Laagers attended the event.

Before the sun dipped below the horizon on Friday evening, we arrived at our destination, albeit after a challenging drive through windy conditions. Yet, despite the blustery journey, spirits were high as we all safely navigated to our respective spots. With tents pitched and campfires crackling, we gathered together, ready to embrace the essence of outdoor living. It was further enhanced when we connected with some of our friends from the other Laagers from the Western Province.

Saturday dawned with the promise of exploration and culinary delights. While some among us ventured into Franschoek for a leisurely breakfast, others eagerly explored the culinary wonders of the Franschoek market. Amidst the array of tantalizing aromas and vibrant stalls, we savored the flavors of local delicacies.

As the day unfolded, we converged back at the campsite to partake in the weekend camp celebrations. Laughter echoed across the grounds as we reveled in the simple pleasures of camp living. As the sun dipped below the horizon, our evening was punctuated by the savory delights of Mexican cuisine. During the night a few of us found ourselves engaged in a battle against the elements, as we valiantly secured our tents against the gusting winds.

Sunday morning dawned, and with it, the promise of reflection and connection. Gathering for the Indaba at 10 am, we shared our thoughts. With hearts full and concerned for the expected turn of the weather, we reluctantly bid adieu to De Hollandse Molen.
