

TORC LAAGER 7 MILLERS POINT OUTSPAN 2nd – 4th FEB 2024

Upon reaching Millers Point on Friday evening, we were met with an overcast, dark, and very windy night. Fortunately, my husband surprised me with a deliciously juicy chicken he had braaied upon my arrival. However, the persistent wind and rain prompted everyone to retire early for the night.

Saturday morning unfolded with a few lingering clouds, transforming into a splendid and sunny day. Many of us took a refreshing dip in the ocean, only to return to the campsite and unexpectedly face a storm that initially seemed surreal. Thankfully, it lasted for about an hour.

Later, we geared up for a burger braai, which turned out to be a resounding success. Everyone relished their burger treats and engaged in delightful conversations that extended into the early hours of the morning.

As it often happens, when it was time to depart on Sunday, the weather revealed its usual beauty. All in all, we had a delightful weekend, thanks to the wonderful camaraderie we shared.

Happy camping!

Desiree & Keith Arulandu
