

Pine Lodge May 2026

Well it was a love Friday afternoon sunny and good weather for a camping weekend at Pine Lodge. After the wind and rain of the last few days it was good to be in the outdoors enjoying the sun.

Everyone settled in on the Friday with do your own thing. Kobus was an awesome fire master and had the fire ready before Robin O clock.

Everyone had a lovely Friday evening getting rid of the stress of the week. The ladies as always were having a ball. Some late night shenanigans was of course part of it all. We will rather keep that under a hat.

Saturday some eager runners and walkers took to the road for some exercise. Later the morning sun fun between kids and adults was something to watch. Feeding each other or trying to do some acrobatic moves.

Saturday night once again was as fun filled as always.

Sunday morning I got up early and went to see the sun rise from Ziggies. What a beautiful place.

Gerhard was Jakkals and of course Lady ended up paying a lot with a few of her cohorts not far behind.

That was the end to an amazing weekend. I didn't see much of the weekend as I was working part of it. But still enjoying every moment.
